SATURDAY MORNING, MARCH 13.

Religious Notice. New Arrangement. Special Meeting—A. P. A. To Let. Lost. For Sale Cheap. Warranted. Millinery Goods, Washington Hall.

COURT OF APPRALS .- This Court will meet this morning at nine o'clock, according to adjournment, in the Municipal Court room, City Building.

OVERSEERS OF THE POOR,-The last meeting of the Board of Overseers of the Poor, for this county will be held on Saturday, 27th inst. After the 1st proximo, all the business heretofore transby them will come before the Board of Supervisors.

RETURNED,-Mr. A. W. Campbell and Mr. S. H. Woodward, of this city, who have been spending a month in a trip through Tennessee and Alabama, have returned, looking bronzed and vigorous, after a fortnight's exposure to the open air in that genial ciimate, riding mule-back, clambering over mountains, and living on the proverbial "hog and hominy" of that healthful

STUCK OUT A SHINGE .- Mr. Wm. P. Hubbard, our talented young legal friend, the clerk of the House of Delegates, who has been for two or three years the law partner of Daniel Peck, Esq., of this city, has set up and hung out a shingle on his own account, in McLure's new building on Market street, just below the McLure House, where he has fitted up the handsomest lawyer's office in the city. Success at-

CIRCUIT COURT .- This Court is closely engaged in disposing of the civil docket, which we were told a few days since was a very full one. Since the disposal of the criminal cases no trial of any special interest has taken place, and yet the Court room is pretty well filled both at the morning and afternoon sessions. We have not heard any intimations of an adjournment, and presume the term will not close before the end of next week, possibly not before the middle of the week following. The Court meets each morning at 9 o'clock, and at two in the afternoon.

INCORPORATED .- Secretary Pipes issued from his office, yesterday, a certificate of incorporation to David Haering, L. Aurin, Edward Sprung, Ernest Schenindick, Albert Ruedinger and Joseph Meyer, of Allegheny county, of his brother. Pa., under the name "Concord Union." They declare their purpose to be to provide homes in Wetfor the members of improvement in Agriculture and Horticulture,-to establish and carry on transportation, and sale, oil, coal, ores ting, transporting and selling lumber and the manufactures thereof. The lla township, Wetzel county, and the charter is to expire March 9th, 1889. Six hundred dollars have been subscribed to the capital stock of the Union, all of which has been paid in. The corporators ask for authority to increase the into shares of one hundred dollars

We are told that the gentlemen mentioned above own about six thousand acres of land in Wetzel county, on which they propose to settle quite a colony of Germans. We welcome their advent into our State, and only wish that their numbers were an hundred times greater than they are.

POWERS ENLARGED .- The Legislature at its recent session made an important change in the law defining the powers of the Municipal Court in this city. The 11th section of the act establishing the Court, passed February 24, 1865, provides that, " within the city, said Court shall also have the same jurisdiction and powers in civil suits and proceedings, (but not in chancery,) where the amount in controversy exceeds one hundred dollars, exclusive of interest and costs, or the possession of real or personal estate is concerned, as the Circuit Court of Ohio county now has or may hereafter be vested with, but in the following cases only: 1st, Where de-fendant or one of the defendants resides in the city; 2d, Where the cause of action arose within the city; 3d, Where the property, real or personal, the title or possession of which is in controversy, or some part of such property is in the city; 4th, Where the defendant or one the defendants, being a non-resident of the State, is found in the city, or has estate or effects therein; and any demand against a resident of the city, or a corporation or a firm doing business therein, or any stock or share in the capital of such corporation or firm, shall be deemed effects in the city, within the meaning of this clause."

The change alluded to is the removal of the restriction as to chancery jurisdiction. The Court is now clothed with equity powers, extending, however, only to cases coming within the specifications above set forth, if we are correctly informed.

The act passed recently adds one more term annually, to the number heretofore authorized to be held, (eight,) so that, hereafter, nine will be held each year. With this enlarged jurisdiction and additional term it is believed that the business of the Court will be largely increased, as cases in chancery can be heard and determined at intervals of only a few weeks. It is thought that this arrangement will prove beneficial to the public.

POLICE COURT.—There was a crowd day morning, and a full docket. There visiting the Island of St. Croix for their were all ages, sexes and conditions health, experienced and witnesse present. We came very near saying many surprising and beneficial effects all colors were represented, but the of the Rum there produced upon many truth is only three, white, black and of the invalids who were, like our yellow, did we notice. As to the pro- selves, seeking health, and upon inportion of each, the black largely pre-

The first case was that of David Johnson, (white,) who was charged with be- termined to make it the basis of a Tonic ing found on the streets in a state of and Restorative Medicine. ingston, (white,) but the evidence put another phase on the affair, and while the case against Ann was dismissed, Livingston was taxed with the costs. Livingston was then brought up for assaulting Ann, and the testimony was overwhelming against him. He was fined five dollars and costs. This and the costs in the other suit were too much for his pocket book, and in the afternoon himself and family were enjoying the freedom of the lock-up. Whether he succeeded in raising the requisite sum to release himself, we know not, but the case looked bilious at 4 o'clock P. M.

Harriet Wilson and Sarah Thomas both colored) were charged with keeping houses of ill fame. They declared on account of the absence of material witnesses, and the cases were continued until this morning at 10 o'clock.

The session closed with the trial of Dennis Gardner (colored,) charged with disorderly conduct. Gardner was a boarder with Harriet Wilson and Sarah Thomas, who occupied a part of the house in which Livingston resided. All of them were tenants under Ann Sims. The entire business of the Court yesterday morning (except the case of Johnson,) was the adjustment of difficulties occurring at this same house, and to one who listened to the testimony of black against white, and vice versa, it required no great stretch of the imagination to conceive that "the war of the races" had indeed commenced. Down to the trial of Gardner, the African was victorious, but in the last grand charge the white man triumphed. Gardner was fined ten dollars and costs, which was soon forth coming and he went on his way.

MAN HURT .- Yesterday morning a man named Tippett, brother of the Mr. Tippett, painter, met with a severe accident at Mr. Hull's house on Centre street. Mr. Tippett had gone out on the roof of the back building to remove some shutters in order to paint them. The roof was covered with snow, and while proceeding to take off the shutters, his feet slipped and he came down to the gound with a grash heard forty or fifty yards distant. In his descent he fell through the branches of a tree along side the house, breaking Calisaya Bark, and each teaspoonful contains down several of them of considerable one grain of iron. Samples furnished free to diameter. This, no doubt, broke his fall, and thus saved his life. The distance he felt was fully twenty feet, and his escape from instant death was almost miraculous. Mr. Hull fortunately was near, and ran to his assistance. The injured man was able to walk to Dr. Baguley's office on Fourth street, where on examination it was discovered that he had suffered a fracture of the left arm just above the wrist and dislocation of the elbow and shoulder. His injuries received proper attention,

and he was conveyed to the residence

THE REASON WHY.—Some say it is strange that President Grant did not see the law of 1789 before he appointed Stewart a place in his Cabinet. From Rev. Joseph H. Kennard, D. D.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out my appropriate sphere, I have in all cases declined; but with rious form and particularly in my own family, of Hoofland's German Bitters, I depart for once from my usual course, express my full conviction that, for general debility of the system, and especially for Liver Opnically, it is a safe and vatuable preparation. In some cases it may fall; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

ORGANIC WEAKNESS.

Immediately cured and full vigor restored.

This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of improper indugences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becames deranged, the Physicial and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Papitation of the Heart, Indigestion, Consumption, Decay and Death.
